**Freedom is the will to be responsible to ourselves.**

Neitzsche

The secret of happiness is freedom; the freedom to ride our bikes any day of the week, to ride with or without helmets, and to push the envelope with our rides. I have become a new rider, I am no longer a co-rider and the respect and the responsibility that all riders have makes me hold them a little higher.

With freedom knocking at the door, do we let go of our responsibility to our family and friends? That is like saying I won't take care of myself and not participate in good health by not seeing the dentist twice a year and doing the annual physical and eye exam.

How do you balance this Freedom that is a choice everyday and not let it over ride what is prudent in your lives? The feel of the excitement and the rush of adrenaline by exercising the throttle and clutch in one smooth motion and cutting the air with increasing speed and being one with the bike? How do you seasoned riders show restraint and not push physics and time travel into 2012? By joining GWRRA and becoming Life Members through a ritual of safety and knowledge that a good ride is a safe ride.

Well, I know now why we join GWRRA, we joined for the camaraderie, the love for the sport of

motorcycle riding, the mutual respect and most of all the knowledge and wisdom passed from one rider to the other and attending GWRRA outstanding Rider Education programs.

Freedom does come with a fee; it is Respect and Responsibility to one another. Really this cost I can and will pay.

Responsibility and Respect for the group begins with the knowledge how we ride, doing a safety check before each ride so that we are riding safe, assembling correct group rides with a staggered formation, knowing how fast or slow we want to go without impeding the group, having the courtesy to fuel up before the ride and being on time for the Safety Talk before each and every ride.

I am a new Trike rider and now, more than ever, have a profound admiration for Freedom and with the knowledge I have gained and will continue to gain from each of my GWRRA family members. I am in awe of all of you that have come before me and I will try to live up to the seasoned GWRRA veterans' motto, "Friends for Fun, Safety and Knowledge."

As always we try to leave you laughing! Two cows standing next to each other in a field, Daisy says to Dolly, "I was artificially inseminated this morning." "I don't believe you," said Dolly. "It's true, no bull!" exclaimed Daisy.

Thank you for letting us share in your life; see you all at the meeting.

So jump on, the riding is fine,

Russell and Valerie

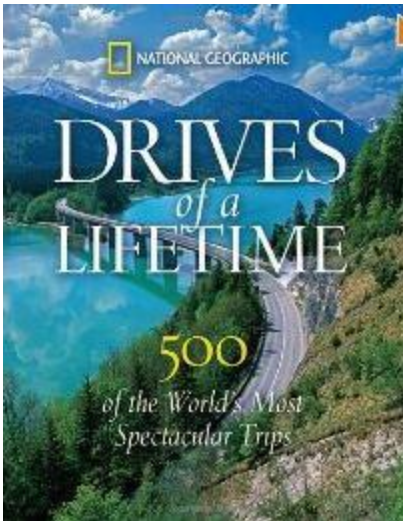

# ASSISTANT CHAPTER DIRECTORS

Russell & Susan Hall

Warm riding weather is coming and Chapter F has a great riding schedule that is full of exciting one-day and some 2-day overnight rides. Have you thought of or planned a week or more vacation-type ride?

Maybe it's somewhere new or maybe a different route to a familiar destination. If you have the US states patch on your vest what are you going to color in this year? What National Parks haven't you been to? What beaches haven't you seen? What mountainous or pairie highways haven't you ridden?

I (Russ) just started riding in June 2010 and I realize that many of you have been riding a long time. Some even have been through all 50 states; maybe even many other countries like Deane Crawforth. But what about the places you haven't visited; like somewhere you have read about in a book or magazine, or a place that a friend told you about?

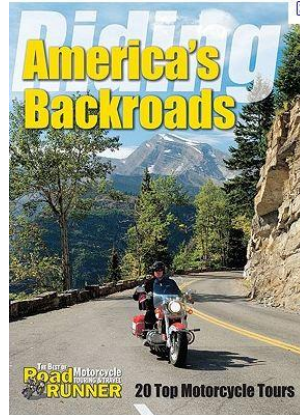

I got a book called "Drives of a Lifetime". It is a large book ( coffee table type) with a colorfull photos of the road and scenery it describes. It covers scenic drives/rides in the U.S. and all over the world.

Also (with AAA membership) Linda Kinney has helped me get "Tour Books" for states I plan to visit this year (thank you Linda).

## Get Off The Interstate!!!

I have been looking at these books for ideas of how to plan my route, what I want to see in each state, and to ride those incredibly special roads and highways that I have been reading about for some time now.

Susan and I have trips planned to Tennessee to meet up with family and friends and group ride to Niagara Falls (Canadian side) in June. Don and Suzie Chapman are also planning on joining in this ride.

The other ride I am planning is to Red Lodge, Montana in July with my Cousin Howard. He currently has a Victory cruising bike, but is looking at a Victory touring bike. It sure would make his ride more comfortable.

So wherever you're riding takes you this year, maybe to Knoxville, Tennessee for **Wing Ding**. Give yourself (if possible) an extra day or two and get off the interstate, slow it down, take the back roads, and enjoy the journey as well as your destination.

I am sure I will never see all the places I would like to, nor ride all the scenic roadways across this wonderful country of ours. But I am going to see all I can, the best way possible, from the seat of my Gold Wing.

Enjoy your rides and let your eyes take in the beauty of our great country.

## FEBRUARY GATHERING

By Joe O

February 5<sup>th</sup> was a lot warmer than January 1<sup>st</sup> so we had a nice group of 67 folks in attendance.

Gene and Jeanie Wagner brought along their friends, Ken and Gail Jones, from Kingman, AZ. Ken is a Winger while Gail rides a Harley AND a Goldwing. Monique also brought along a first-time guest, her granddaughter, Peyton. Peyton is from Albuquerque and also rides, a bicycle, like in a Schwinn-type.

Guests, Ken & Gail

We were honored to have District COY, Ralph & Robynn French with us

That's right, it's Dave Bachman ... on his Wing!. The Wing must bring Dave luck as he won the \$145 50-50.

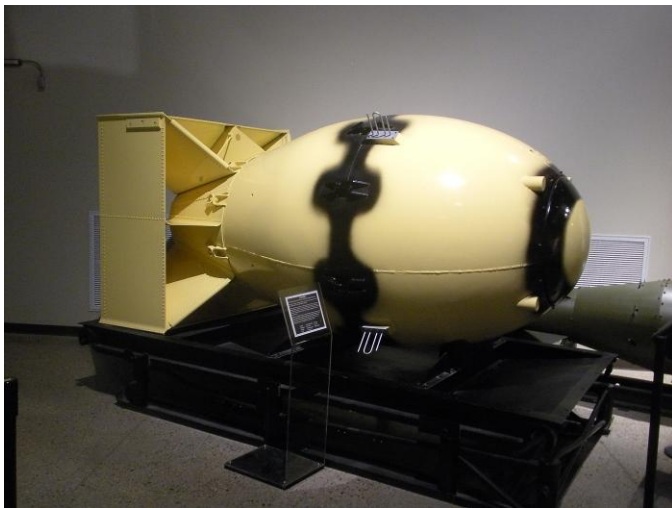

## FEBRUARY AFTER-GATHERING RIDE

### **NATIONAL MUSEUM OF NUCLEAR SCIENCE & HISTORY (ALBUQUERQUE)**

By Dave Drake

The temperature for our February after-gathering ride did warm up – a little – from the bone chilling days earlier. At least these temps were not shown in negative numbers. So, because of this “warm spell”, we had 19 members come along for the ride; we even had seven people who actually rode their bikes while the others went in their cars. Considering the weather, we decided that two or four wheels were quite OK.

This fantastic local museum has been bounced around the city quite a bit lately. It was originally inside the “secure” perimeter of Kirkland AFB. Prior to 9/11 that location was not terribly secure and access was not very restricted to visitors. However by 9-12 the powers in charge decided that that was no longer acceptable. The museum was moved to temporary quarters in Old Town in the old REI building. Then, two years ago they were able to move back onto a non-secured location adjacent to Kirkland AFB on U.S. government property. The current facility is quite impressive and we were told that it would be expanded in the near future.

A Replica of the FAT MAN A-Bomb

Our members who came to the museum divided themselves up into a couple of tour groups, guided by museum staff and a few folks who chose to do self-guided tours. My sub-group was guided by Fred Trussell, a current employee at Sandia Labs and very well versed in nuclear history and science. We really got our money's worth with Fred's excellent guidance. The other sub-group was guided by another docent.

Fred, in considerable detail, related the history of nuclear science and the events leading up to the establishment of the Manhattan Project plus the development of the first atomic bombs. There was a terrible fear, by our military and government, that one of our enemies in WWII would beat us to the development of the atom bomb. If that had happened, what was left of our country would certainly be speaking a different language today.

Immediately following the war, the Soviet Union ceased being our ally and the Cold War started with a vengeance. The war era fear switched from Germany or Japan over to the Soviet Union. The entire nation, now, and perhaps the whole world lived in fear that today may be our last day. I was a young child at the time but I certainly remember that fear. I'm afraid that young people today have no comprehension of that or why we went nuclear in the 1940's. History is being lost.

Fred showed us many artifacts of these terrible years and explained much about what was being done at the time. We saw the actual bomb shells of two devices that were lost in the Mediterranean Sea near Spain after a collision between a B-52 and its aerial refueling tanker, plus a mock-up of the one that was dropped from its B-50 aircraft in Albuquerque. I had a friend who was in the control tower when he saw that bomb drop out of the airplane. He thought for a brief moment that his world was over. Obviously that bomb did not go critical but the airport was a mess for quite a while.

**Attendance for the museum tour, riding their bikes, were: Dave Drake, Russ Hall (aka CB), Wayne Holly, Don Chapman and Neil Baker. Lim and Dennis Elliott rode out with us but did not take the museum tour. Those that came to the museum in their cars (with the heaters going) were: Tony & Debbie Sciortino, Deane Crawforth, Julian and Marisa Smith, Steve & Diane Howcraft, Jim & Wanshula Paxton, Russell & Valerie Shupe and Dave Stewart.**

## **“POP-UP” RIDE TO POJOAQUE**

In preparation for the upcoming after-meeting ride for March we decided to take a dry run to check out the usual route intersections, gas stops, food stops and butt breaks, etc. Tony, Debbie and I were going to make this run but we decided to post it as a pop-up ride for anyone else who cared to join us. That posting had its own unintended consequences. Not bad mind you. We had ten people show up for this ride. Not too bad for a non-scheduled group pop-up event. Turns out that these unemployed (aka retired) people rather liked the idea of riding together during the week, away from the weekend tourist traffic. They all commented that we needed to continue doing this. Fine with me.

We left the Golden Corral parking lot just three minutes after our scheduled departure time of 10 am. That is what we are striving for with all the after-meeting rides. Our ten participants included four ladies, two of which were piloting their own trikes. The weather was not quite as clear and warm as earlier forecasts had projected but it was quite fine nonetheless. Under morning cloud cover we saw temps in the mid 50's in the valley dropping down to the upper 40's in the upper elevations. The afternoon was completely clear with temps pushing into the 60's. We headed through Albuquerque on I-40 and turned up NM 14 to Madrid

where we met up with Karen Humphrey, as planned. We continued on around Santa Fe on the relief route and then on to the Buffalo Thunder Casino for lunch. We arrived for lunch a little bit over two hours from our departure time, just about as planned. Unfortunately, the casino chose not to have all of their restaurants open for mid-day business during our winter weekday visit. They should be open on Saturday for our after-meeting ride. We did not starve, however, as one of their other eateries, a bar & grill, was open for us and they kindly seated us all together.

Karen, our Los Alamos member, reported that as they had about 3" of snow on the mountain recently there were many places with excessive sand, especially on the hairpin turns. Our plans were to go home via White Rock and Jemez Springs but we all decided that it was not worth having anyone drop their bike trying to negotiate a tight, overly well sanded curve. We chose to take the dull and boring route home via I-25. It was a good day with fine weather and great companionship. There was no sense in ruining that with potentially bad roads. We will check with Karen shortly before the upcoming after-meeting group ride to see how road conditions look. If there is any question, we will bypass the Jemez Mountain part.

**Participants for this ride were: Dave Drake, Tony & Debbie Sciortino, Jim Paxton, Cheryle Walter, Karen Humphrey, Fred Salinas, Roy Palmer and Ed & Anne Poccia.**

**RIDER EDUCATION**  
**Jimm & Pam White**

There are a couple of things I want to cover this month. First is to let you all know that the first two classes we will put on will be the Road Captain course and later the Co-rider courses.

These two courses are both needed and timely considering we are just getting into the riding season, and it should be noted here that the Co-Rider course will satisfy the Level II course requirements for co-riders.

The Road Captain course will cover the do's and don'ts of group riding, who leads, who follows and where this all fits. For example, did you know that the person who controls the group is not the lead bike? In this class we'll explain exactly how that works.

The other course is the Co-Rider course. We'll cover just what the co-rider should do in the event that the rider becomes somehow incapacitated, what the co-rider does during the normal course of the ride, and what the rider needs to do to make sure the co-rider is at some level comfortable with all this.

So, co-riders: Look at these two pictures. Are any of these controls absolutely critical to the functioning of the motorcycle? Do you know what these controls do? Is there one that you should know for sure where it is and what it does, and when to use it?

Do you know what these controls do? Is there one that you should know for sure where it is and what it does, and when to use it?

These and many more questions will be answered during these two courses. We will be putting out lists for these courses so sign up when you see them.

We will get dates together for these and announce them soon. So for now, ride on.

And the beat goes on.....Jimm

## CHAPTER F's MILLION MILE GOAL- JANUARY 2010 STATS

By Joe O

**TOTAL MILES FOR YEAR 2011 – 27,509, we have reached 2.7% of our goal**

The following individuals have provided mileage figures through the month of **February 2011**. This is in support of Chapter F's goal of riding 1,000,000 motorcycle miles for the year. This activity is open to all Chapter F members. To realize this goal we need the support of each and every chapter member. You do not have to attend our meetings; this is a chance to participate in a chapter activity and be recognized for doing so. We will track your total chapter mileage on a monthly basis. Each Chapter F member will be queried on the last day of the month by an email; all you have to do is reply with your current odometer / tripmeter reading and we will do the rest. Participating individual's mileage will be published in this newsletter along with the chapter total. Obviously, we are going to take your word that what you tell us is true, there will be no one verifying your mileage.

**If you missed participating in 2009/2010 and would like to participate in 2011 NOW IS THE TIME TO SIGN up, let Joe O know.**

## Upcoming Rides – March, April & May 2011

### Upcoming Rides

Some of the overnight rides in 2011 will leave close to dusk and arrive at the destination after dark. This was done to accommodate those of us that have to work that day. Not everyone likes night riding and some people don't have to work on those days. In all of

these cases we will advertise for an "Advance Party" to leave sometime earlier on that departure day, riding during the daylight hours and arriving before dark. If you are going on one of these rides you will have the option of departing with either the "Advance Party" or the "Night Riders", depending on your circumstances or preferences.

### *Butts in Saddles and Rubber on The Road!*

### March 2011

#### **Mar 5<sup>th</sup> - Chapter Gathering & After-Gathering Ride!**

Meet at 7:30 AM for Breakfast at the Golden Corral Restaurant. I-40 & Coors. Meet at 7:30 for breakfast. Meeting at 8:30! Then we ride!

**After the gathering ride: Conditioning ride to prepare for the riding season!** From the meeting we will travel to Highway 337 North (old Highway 14) with rest stops in Madrid and Santa Fe. Then on to Pojoaque and lunch at the Buffalo Thunder Buffett. From there it will be on to Los Alamos, past Bandelier and back to ABQ via Highway 4, past the Valle Caldera National Preserve and through Jemez Springs. This ride will be for site seeing and to condition those "buns" for the longer rides yet to come in 2011! Estimated travel: 210 miles. The Jemez Mountain portion may be canceled depending on weather and road conditions.

#### **Mar 19th – F Troop Day Ride.**

Lamy Freight Run! <http://www.sfsr.com/daytrain.html>

**People have said...**

*Loved being on the train--brought back memories of childhood when I traveled by train on vacations.*

(Continued on next page)

(Continued from previous page)

Come ride the Lamy Freight train with us! We will meet at the Valero station across from the Sandia Casino at 9:30 a.m. on the 22<sup>nd</sup>. We depart for Santa Fe and the Lamy train at 10:00 a.m. sharp! Ride a working freight train through high desert scenery on this 4-hour (approx.) round trip from the historic depot in Santa Fe to Lamy, a sleepy little village 18 miles southeast of Santa Fe and reminiscent of turn-of-the-century Wild West days!

**Reservations are required!!!** Tickets are \$32 (60+ = \$27) Call 1-888-989-8600 toll free. In Santa Fe, call 989-8600

We have made arrangements under the name "GOLDWING". If our group is 20 or more we all get a 15% discount! That's FIVE BUCKS (\$5.00) folks! **Call now and make your reservation to ride!!!**

**Mar 26<sup>th</sup> - Social Butterfly.** We'll be taking the Rail Runner to Santa Fe, 12:00 P.M., March 26, 2011, Lunch at Tomasita's at the Santa Fe Railyard. To view the menu clink on this link .

### **April 2011**

#### **April 2<sup>nd</sup> - Chapter Gathering & After-Gathering Ride!**

Meet at 7:30 AM for Breakfast at the Golden Corral Restaurant, I-40 & Coors. Meeting at 8:30! Then we ride!

**After-Gathering Ride: Explore Ft. Sumner, Billy the Kid and the Lincoln County wars!**

The Chapter will ride to and visit the Ft. Sumner area. **Note! This will also be a Chapter visit ride to go steal the mascot at Chapter C – Clovis! After we visit Ft. Sumner those wishing to visit the Chapter C Meeting Sunday morning will continue on to Clovis.** The rest of the group will return to ABQ. The Clovis bound group will return to ABQ Sunday after their Clovis visit.

You can read more about Ft. Sumner at: <http://www.ftsumnerchamber.com/tourist.htm> and at <http://www.billythekidmuseumfortsumner.com/>

Law Man Pat Garrett

The Lincoln County Courthouse

Billy the Kid

[This ride may get quite windy out in the plains in the New Mexico spring time.]

Estimated 165 miles each way. Alternated routes: I-40 to Santa Rosa and US 84 to Fort Sumner or I-40 to Clines Corners and US 60 to Fort Sumner. Mileage is the same each route.

**April 14<sup>th</sup> – F Troop Chapter Visit to TX1A El Paso!**

**Calling all retired F Troop Members! Help!** Chapter F wants to visit ALL Chapters in our District this year but TX1A does their meetings on the second Thursday evening of each month so it is a little problematic for those of us still working to visit them. We are asking our retired members to help us out! It will mean driving down Thursday afternoon to attend their meeting Thursday evening, staying overnight and then coming back to ABQ Friday. Watch for further details on this run and please plan on it.

**Apr 15<sup>th</sup> – 17<sup>th</sup> - Silver City Run!**

The 1<sup>st</sup> of our quarterly 2 night rides! Ride with us and explore the Gila Mountain Area in Southwestern New Mexico. Our base of operations will be in Silver City, NM! The Advanced Party will leave early on Friday, take a side trip up to the old mining towns of Chloride and Winston, west of T or C. They will continue on to Silver City via Emory Pass. The Night Rider Party will leave ABQ around 6 p.m. and stay that night in T or C. They will take the side trip to Chloride and Winston Saturday morning and then continue on to Silver City where they will rendezvous with the Advance Party Saturday evening. While the Advance Party is waiting for the Night Riders on Saturday, they will ride up to the Gila Cliff Dwellings National Monument. Both parties will return to ABQ on Sunday via Reserve, Datil and Socorro, stopping off at the Catwalk park in Glenwood.

We will invite our friends from Chapter T in Las Cruces to come and stay and ride with us!

Estimated 245 miles ABQ to Silver City via Emory Pass; 300 miles ABQ to Silver City via Winston and Emory Pass; 155 miles ABQ to T or C; 310 miles Silver City to ABQ via Reserve, Datil, and Socorro.

Stops on the trip will include:

Chloride / Winston, NM (old mining town) <http://www.legendsofamerica.com/nm-cloride.html>

Glenwood (Catwalk)

<http://www.southernnewmexico.com/Articles/Southwest/Catron/TheCatwalk.html> Mogollon (Ghost Town walk)

### April 23rd – F Troop Day Ride and Picnic!

We will be riding to and having a picnic at **Kasha-Katuwe Tent Rocks National Monument**. You can read about the area at: [http://en.wikipedia.org/wiki/Kasha-Katuwe\\_Tent\\_Rocks\\_National\\_Monument](http://en.wikipedia.org/wiki/Kasha-Katuwe_Tent_Rocks_National_Monument)

This great location next to the Cochiti Indian Reservation has breath taking views and tremendous rock formations. We will visit and picnic in this amazing beauty! **This will be a BYOPB (bring your own picnic basket) event and there are no fires permitted at the monument!** We challenge you to show us how you picnic! Show us your unique style! Estimated 115 miles round trip.

Then, depending on your stamina, you can hike up to the slot canyon (a little over a mile and +160' elevation; leisurely walk), through the slot canyon (spectacular, about 1 mile and +172' elevation; some climbing) or up on top of the overlooking ridge (awesome cliff-hanging views, about ¾ mile and +260' elevation; rugged climb). Beware of geologists going out of their minds. **BRING YOUR CAMERAS!**

### April 30<sup>th</sup> - Social Butterfly

The Social Butterfly will be sending out invitations

### May 2011

### May 7th - Chapter Gathering & after Chapter Gathering Ride!

Meet at 7:30 AM for Breakfast at the Golden Corral Restaurant. I-40 & Coors. Meet at 7:30 for breakfast. Meeting at 8:30! Then we ride! **After the gathering ride: Combined F & R Meeting / Chapter Visit in RUIDOSO!** (Continued on next page)

(Continued from previous page)

Meet in the middle! The most challenging Chapter for Chapter F to visit is Chapter R in Roswell as they do their meeting on the same day each month as we do. We will, therefore, meet them in the 'middle' for lunch and a combined meeting in Ruidoso. We will have an abbreviated meeting at our usual time and place and then we will ride to Ruidoso for some fellowship with our Roswell friends. Estimated 190 miles each way via Socorro or Corona. This may be an overnigher.

### **May 13-14<sup>th</sup> Chapter D Farmington Visitation**

We will drive to Farmington on Friday evening for an overnight stay visit our friends in Chapter D Farmington! There is nothing like an opportunity to visit and have fellowship with over Gold Wing riders (to say nothing of stealing their mascot!)

Let's go see how the Northwestern Chapter does it! Look for specific rally, departure, and hotel details as we get a closer to this ride. We will return back to ABQ on Saturday May 14.

### **May 21<sup>st</sup> Chapter F Conditioning Ride**

Next week is the Region F Rally in Pueblo, CO! That's a 6 hour ride one-way folks! This ride will depart mid-morning and we will be on a sight seeing ride for approximately 6 hours. Gas, rest and lunch stops will be included in our ride. Look for details on the route as we get closer to this ride.

### **May 25<sup>th</sup> – 29<sup>th</sup> Region F Convention in Pueblo, CO!**

Southwest Region F Rally! Be there or be square! Watch for details as we get closer to the event!

### **May 28<sup>th</sup> Social Butterfly**

The Social Butterfly will be sending out invitations.

## **THEY'RE COMING – 40-TO PHOENIX**

A group from the east coast is due into *Moriarty, New Mexico* on March 14<sup>th</sup>, time unknown. We are keeping in touch with the ride leader and will keep you apprised of their progress. They will be leaving for GWRRA National at 7 AM on the 15<sup>th</sup>. You ALL are welcome to join them. Check our their website further details, e.g., hotels in Phoenix). <http://www.40tophoenix.org/index.html>

**THE GOODIE STORE**  
*Debbie Sciortino*

**Goodie Store MARCH Specials**

The Patch of the Month for March is the 3" Chapter F patch for \$5.50. It features a gold wing motorcycle coming out of a fort's gates. We have 15 for sale.

The March special clothing item is the F Troop Hat.

In pink for the ladies and black for the men. All hats are adjustable. Cost \$15.00 each, first come, first served.

Lastly, if you missed it last month, we still have the yellow short-sleeve T-shirt for sale, \$12.00. I still have S, M, L, XL, and 2XL sizes. Anyone who wears this T-shirt to events will receive 5 points.

Front side

Back side

As always, any purchases made at the Goodie Store will earn you 5 points towards winning the quarterly points prize.

You can e-mail me at [dsciortinopt2@aol.com](mailto:dsciortinopt2@aol.com) to order your Goodie Store items. You can then send me a check (Debbie Sciortino, 1217 Walsh St. SE, Rio Rancho, NM 87124) made out to GWRRA Chapter F for the cost of the items. I will bring them to March's meeting or make alternate arrangements.

Debbie

## MOTORIST AWARENESS

Gene & Jeanie Wagner

I (Gene) thought that I had seen everything until I saw a motorcyclist going down Paseo del Norte who was texting on his tombstone. Yes, tombstone; if he keeps that up that is where he will be. When we are on our steeds, we have to worry about cars and when we are in our cars, we have to worry about stupid riders. Stupid is stupid does.

As quoted, "LOOK TWICE -- SAVE A LIFE". We had that happen here, a rider was texting and ran off the road and got KILLED. Maybe God will give him a job of looking out for dumb riders. I met a rider the other day riding without his helmet and had his child on the back without a helmet. I wanted to pull him over and b---- slip

him. That's why Jeanie goes with me to keep me out of trouble. In Las Vegas, about 10 years ago a rider on the freeway was in the left lane and all a sudden he decided to cut in front of 3 lanes of traffic to turn onto Las Vegas Blvd. All of us had to put on the brakes, to keep from hitting him. We stopped at a red light, I got off the bike, walked over to him, told him he was a disgrace to motorcycle riders and reached over and took the keys out of his bike and threw them to the side of the road. Last we saw him he was pushing his bike off the road to hunt for his keys. I would not recommend that. What I am saying is, you must keep that head and eyes moving at all times, whether you are on your bike or in your car. Lets keep this an accident free year. Gene & Jeanie

# Wile's Road Trip

## Wile's Corner

On February 11, 2001 I went with Russell and Valerie Shupe to pick up her new GL1800 Roadsmith Trike from Russellville, AR. I am glad that they invited me, since I am a Genius and their Boss, I also do Time Travel consulting with my company, Acme Consultants.

I think that these pictures will tell you how lost The Shupes would have been if not for me. And I will tell you that I was treated well, being a Genius and a marvelous specimen of a Coyote and The Shupe merely Human, they have a lot to learn. (I am also a consultant in Human Behavior, Acme SyOps Intelligence.)

Thank you for being part of my pack and I look forward to enjoying each and every ride with Chapter F!

Signed,  
Wile E. Coyote  
Lynnie

On Sunday afternoon a few more of my Pack came out and welcomed Valerie with her new trike. It was really windy and I chose to ride with Russell in the car, did I tell you I am a Genius. (Thank you Jimm, Pam and CB for meeting me, Wile, at the Circle J Ranch Truck Stop.)

# SOCIAL BUTTERFLY

Bill & Jo Lindquist

## Monthly Event: Rail Runner to Santa Fe 12:00 P.M. March 26, 2011, Lunch at Tomasita's (Santa Fe)

By Bill & Jo Lindquist

There were 18 people at the dinner at the Four Joys. One couple had to stay home as they were sick. The food was great and everyone remarked that it was some of the best Chinese food that they have had. Russ and Val got there late and had to sit at the "kids" table (just joking). The rest of the adults: John & Linda Kinney, Bill & Jo Lindquist, Jack Sidler, Tony & Deb Sciortino, Jerry & Becky Stillwagon, Dave Gottheimer and Monique Kourdae, Russ & Susan Hall, Steve & Diane Howcraft, and Fred Salinas. We all had a great time and hope to see you all at the next event in March

For March there is going to be a change of pace. The SBE will be train ride on the Rail Runner to Santa Fe, lunch at Tomasita's and then browse the Plaza and then back. We will leave Sandoval / 550 station on train #504 at 12:00 P.M. and then returning on #509 at 4:30 P.M. and arriving back at Sandoval / 550 at 5:30 P.M. See you all there.

Kept the wings dry and keep fly'n

Bill & Jo

## CHAPTER F'S EMAIL COMMUNICATION CHANNEL

As most all of you are aware all Chapter F members with email addresses receive periodic emails of chapter interest via Joe O (aka Joe Opuszenski). Your name is added to his contacts list when GWRRA notifies him of your "assignment" to the chapter. In addition to Chapter F members Joe also maintains contacts for anyone else in the district that wishes to receive his emails. For the most part, emails travel from Farmington to El Paso and reach the entire state in distribution, over 300 contacts in

all. This unique NM communications feature allows information to be communicated statewide in a very timely manner, within minutes of receipt by Joe, IF he is at his computer when the info arrives. If you wish to receive Joe O's email let him know ([joeopus@earthlink.net](mailto:joeopus@earthlink.net)). Also, please keep him informed of any email address changes.
